

# Blast Off with BlueJeans Basic

Better virtual meetings for free.

BlueJeans Basic equips all users, for **free**, with the tools and features to enable the best video conferencing experience. Unlike free plans from Zoom, Microsoft Teams, and Webex, BlueJeans Basic lets you meet for as long as you want for 1:1 and group meetings.

## Award-Winning Performance

BlueJeans Basic features Dolby Voice audio and HD video to provide unmatched meeting quality that eliminates distractions and boosts productivity.

## Work from Anywhere

Whether phone, browser, computer, or tablet, BlueJeans works on any device, anywhere, enabling you to have the best meeting experience, no matter your platform.

## Powerful Collaboration Tools

Breakout Sessions, Polling, and Annotation give meeting hosts a broad suite of tools to encourage participation, boost engagement, and drive an interactive meeting experience.

## Enterprise-Grade Security

BlueJeans enterprise-grade security ensures your meeting privacy is always a top priority by offering restricted meetings, a waiting room, and password controls.

## Computer Vision

Between virtual backgrounds and immersive screen-sharing, to auto-camera framing and lighting improvements, BlueJeans Basic is loaded with AI enhancements to ensure your meeting experience is top notch.
